Our Story

Founded in 1929, the JACL is the first and largest national Asian American civil rights organization.

As a 501(c)3 charitable organization, the JACL champions and advocates for the Japanese American, Asian Pacific Islander American (APIA), and civil rights communities through advocacy, education, and leadership development.

Our Mission

To secure and maintain the civil rights of Japanese Americans and all others who are victimized by injustice and bigotry.

The leaders and members of the JACL also work to promote cultural, educational and social values and to preserve the heritage and legacy of the Japanese American community.

Our Legacy

JACL won Redress and Reparations for the WWII incarceration of 120,000 Japanese Americans. With help from its members, the JACL continues to advance its mission for justice today.
